XXXVI DAE Sports & Cultural Meet: 2021-22

Cricket Tournament

March 21st to 25th, 2022
RRCAT, Indore

“Hard work beats talent when talent
doesn't work hard”

Organized by

RRCAT Staff Club

Raja Ramanna Center for Advanced Technology, Indore - 452013

About RRCAT

Raja Ramanna Centre for Advanced Technology (RRCAT), an R & D unit of Department of Atomic Energy (DAE), Government of India is engaged in non-nuclear front-line areas of Lasers, Particle Accelerators & related technologies. RRCAT was established on February 19, 1984 and its' campus is spread in over 760 hectares on the outskirts of Indore city. RRCAT is involved in development of a variety of laser systems and their utilization for applications in industry, medicine and research. The laser systems are effectively used in demanding applications related to nuclear power reactors. RRCAT has indigenously designed, developed, and commissioned two synchrotron radiation sources: Indus-1 and Indus-2, serving as a national facility. Indus-1 is a 450 MeV, and Indus-2 (highest energy particle accelerator in the country) is a 2.5 GeV electron storage ring.

About Indore

Indore, once ruled by Devi Ahilyabai Holkar, is the most developed city and commercial capital of Madhya Pradesh. Indore is the education hub of central India and the only city which is having both an IIT and an IIM. Indore has been awarded as the Rank-1 Cleanest City of India for last Five consecutive years by the Government of India under Swachh Sarvekshan.
